

Employee Wellness & Job Satisfaction Surveys Format & Report Output

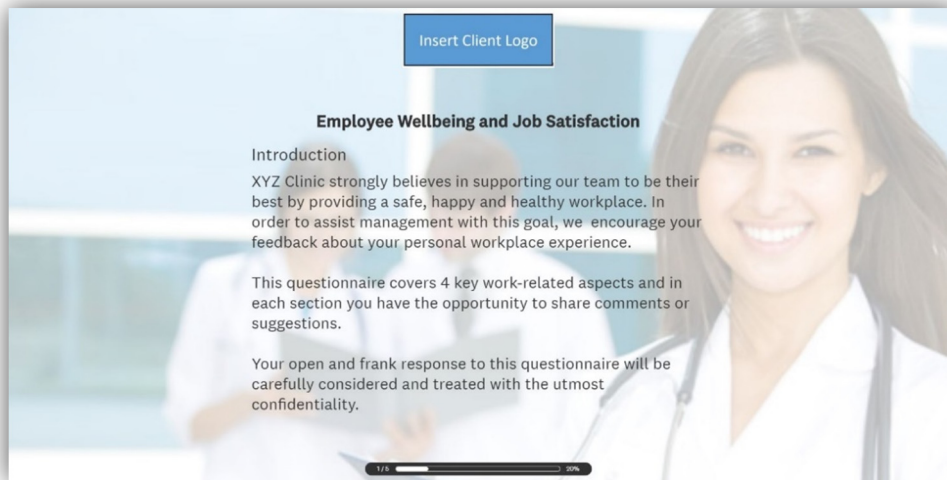

The online surveys comprise a questionnaire of approximately 40 questions across 4 key focus areas:

- Workplace Environment & Safety
- Communications & Leadership
- Company Culture
- Job Satisfaction

Both the questionnaire and the survey’s graphic presentation are customized for each client.

Upon completion of the response collection process, Insight compile and analyse all quantitative and qualitative data and information gathered. We consolidate this into a detailed report to the client, providing:

- Executive overview
- Summary graphs of performance scores for each category (Example below)
- Consolidated table of narrative comments and suggestions (Example below)
- Detailed analysis of all individual issue responses
- Key findings and conclusions
